AngularJS

Q.1 What is MVC?	
A. Multiple View Controller	B. Model View Controller
C. Model View Component	D. Model View Connector
Correct Answer: B	
Reference: Book name: Dynamic and Responsive web dev using AngularJS, Page no 9	

Q.2 What are used as containers to hold the other parts of application?	
A. Controllers	B. Models
C. Modules	D. Directives
Correct Answer: C	
Reference: Book name: Dynamic and Responsive web dev using AngularJS, Page no 22, Heading 2.2	

Q.3 What is the role of the filter?	
A. Format	B. Delete
C. Change	D. Evaluate
Correct Answer: A	
Reference: Book name: Dynamic and Responsive web dev using AngularJS, Page no 37	

Q.4 Who controls the flow of data in AngularJS application?	
A. Controllers	B. Models
C. Modules	D. Directives
Correct Answer: A	
Reference: Book name: Dynamic and Responsive web dev using AngularJS, Page no 23, Heading 2.3	

Q.5 A form is a collection of related individual _____ grouped together.	
A. Variables	B. Items
C. Controls	D. Values
Correct Answer: C	
Reference: Book name: Dynamic and Responsive web dev using AngularJS, Page no 78	

Q.6 Which directive is used for binding the value obtained from the user from HTML inputs to application data?	
A. ng-src	B. ng-app
C. ng-controller	D. ng-model
Correct Answer: D	
Reference: Book name: Dynamic and Responsive web dev using AngularJS, Page no 50

Q.7 What type of validations do we do in the Web browser?	
A. Back-up defence	B. Final defence
C. First line of defence	D. Comprehensive defence
Correct Answer: C	
Reference: Book name: Dynamic and Responsive web dev using AngularJS, Page no 76, Heading 5.3	

Q.8 Which symbol is used to prefix an inbuilt service?	
A. #	B. \$
C.	D. %
Correct Answer: B	
Reference: Book name: Dynamic and Responsive web dev using AngularJS, Page no 63	

Q.9 What are the default values if we don't give any value to restrict?	
A. FG	B. AB
C. EA	D. WX
Correct Answer: C	
Reference: Book name: Dynamic and Responsive web dev using AngularJS, Page no 63	

Q.10 REST uses a _____ protocol.	
A. Non-cacheable client-server	B. Stateful client-server
C. Cacheable client-server	D. Non-cacheable stateful client-server
Correct Answer: C	
Reference: Book name: Dynamic and Responsive web dev using AngularJS, Page no 80, heading 6.1	

Q.11 REST is not _____	
A. A standard	B. An architectural style
C. A stateless architecture	D. A style with uniform interface
Correct Answer: A	
Reference: Book name: Dynamic and Responsive web dev using AngularJS, Page no 80, heading 6.1	

Q.12 Client server communication is based on _____	
A. Cacheability	B. Separation of concerns
C. Stateful session	D. Non-layered system
Correct Answer: B	
Reference: Book name: Dynamic and Responsive web dev using AngularJS, Page no 80, heading 6.1.1	

Q.13 Which of the following REST principles ensure better scalability?	
A. Cacheability	B. Uniform interface
C. Layered system	D. Statelessness
Correct Answer: D	
Reference: Book name: Dynamic and Responsive web dev using AngularJS, Page no 80, heading

6.1.1

Q.14 Filters are added to expressions by using which character?

A. Colon :

B. Semicolon ;

C. Pipe |

D. Hyphen ?

Correct Answer: C

Reference: Book name: Dynamic and Responsive web dev using AngularJS, Page no 38

Q.15 Which module routes our application to different pages?

A. ngRoute

B. ngGo

C. ngPath

D. ngForm

Correct Answer: A

Reference: Book name: Dynamic and Responsive web dev using AngularJS, Page no 45

Q.16 What are the allowed values for 'restrict' property. While we define a custom directive?

A. E, A, C, M

B. A, B, C, D

C. W, X, Y, Z

D. F, R, O, G

Correct Answer: A

Reference: Book name: Dynamic and Responsive web dev using AngularJS, Page no 63

Q.17 Identify the parameters of the response object generated by \$http. [Multiple Answers]

A. data

B. headers

C. config

D. body

Correct Answer: A, B, C

Reference: Book name: Dynamic and Responsive web dev using AngularJS, Page no 84, Heading 6.2.1

Q.18 Which of the following AngularJS services allows interacting with a RESTful backend?

A. \$resource

B. \$httpservice

C. \$location

D. \$document

Correct Answer: A

Reference: Book name: Dynamic and Responsive web dev using AngularJS, Page no 87, Heading 6.2.2

Q.19 Which type of case do we use for naming a custom directive?

A. Snake case

B. Uppercase

C. Sentence case

D. Camel case

Correct Answer: D

Reference: Book name: Dynamic and Responsive web dev using AngularJS, Page no 52

Q.20 Which directive do we use to inform AngularJS about the parts controlled by it?	
A. ng-controller	B. ng-app
C. ng-model	D. ng-view
Correct Answer: B	
Reference: Book name: Dynamic and Responsive web dev using AngularJS, Page no 20	

Q.21 Who links the Model and View?	
A. Connector	B. Link
C. Controller	D. Object
Correct Answer: C	
Reference: Book name: Dynamic and Responsive web dev using AngularJS, Page no 9	

Q.22 AngularJS is written in which language?	
A. C++	B. C
C. Java	D. Javascript
Correct Answer: D	
Reference: Book name: Dynamic and Responsive web dev using AngularJS, Page no 7, Heading 1.1	

Q.23 Identify the complex mechanisms of communication, which are prevented by REST. [Multiple Answers]	
A. RPC	B. UDP
C. HTTPS	D. SOAP
Correct Answer: A, D	
Reference: Book name: Dynamic and Responsive web dev using AngularJS, Page no 80, Heading 6.1	

Q.24 Which of the following HTTP methods exist in REST? [Multiple Answers]	
A. POST	B. CREATE
C. PUT	D. REMOVE
Correct Answer: A, C	
Reference: Book name: Dynamic and Responsive web dev using AngularJS, Page no 82, Heading 6.1.3	

Q.25 Which of the following snippets forms a configuration object of \$http?	
A. \$http({ method: 'GET', url: '/user1' })	B. \$http.get({ method: 'GET', url: '/user1'})
C. \$http({ method: 'GET'; url: '/user1' })	D. \$http.get({ method: GET, url: /user1 })
Correct Answer: A	
Reference: Book name: Dynamic and Responsive web dev using AngularJS, Page no 85, Heading 6.2.1	

Prepared by: Abrar Ahmed

Q.26 Identify the parts that exist in an HTTP Request [Multiple Answers]	
A. HTTP code	B. URI
C. Verb	D. Request Header
Correct Answer: B, C, D	
Reference: Book name: Dynamic and Responsive web dev using AngularJS, Page no 83, Heading 6.1.4	

Q.27 Which of the following best defines the Restangular tool? [Multiple Answers]	
A. A built-in service in AngularJS	B. An open-source framework
C. A service that minimizes client code	D. A tool that involves specifying an URL
Correct Answer: A, B, C	
Reference: Book name: Dynamic and Responsive web dev using AngularJS, Page no 88, Heading 6.2.3	

Q.28 Identify the cons of a Single Page Application [Multiple Answers]	
A. Complex development	B. Slow loading
C. Only online functioning	D. Initial slow loading
Correct Answer: A, D	
Reference: Book name: Dynamic and Responsive web dev using AngularJS, Page no 111, Heading 7.6	

Q.29 Which of the following methods contains the code for logging a raised exception?	
A. Provide()	B. Decorator()
C. Delegate()	D. exceptionHandler()
Correct Answer: B	
Reference: Book name: Dynamic and Responsive web dev using AngularJS, Page no 92	

Q.30 Which of the following are the properties of the directive() function? [Multiple Choice]	
A. restrict	B. html
C. css	D. template
Correct Answer: A, D	
Reference: Book name: Dynamic and Responsive web dev using AngularJS, Page no 111
