MVC

Q.1 Which of the following options is valid syntax of the StringLength annotation?	
A. [StringLength(10,4)]	B. [StringLength(10,Minimum Length = 4)]
C. [StringLength(4,Maximum Length = 10)]	D. [StringLength(Minimum Length = 10, Minimum Length =4)]
Correct Answer: B	
Reference: Book Name: Programming for the web with ASP.NET MVC, Direct Reference not available	
Q.2 Which of the following is not commonly used data annotation attribute?	
A. MaxLength	B. MinLength
C. RegularExpression	D. RangeValuesRequired
Correct Answer: D	
Reference: Book Name: Programming for the web with ASP.NET MVC, Page no 157	
Q.3 What does REST stand for?	
A. Representational State Transmission	B. Representational State Transfer
C. Representational State Transport	D. Reversible State Transfer
Correct Answer: B	
Reference: Book Name: Programming for the web with ASP.NET MVC, Page no 217, Heading 13.2	
Q.4 Identify which of these supports various data formats across the web	
A. REST	B. HTTP
C. SOAP	D. TCP
Correct Answer: A	
Reference: Book Name: Programming for the web with ASP.NET MVC, Page no 220	
Q.5 Which of the following classes does the Web API controller extends?	
A. HomeApiController	B. WebApiController
C. Controller	D. ApiController
Correct Answer: D	
Reference: Book Name: Programming for the web with ASP.NET MVC, Page no 133	
Q.6 Which of the following options allows you to combine multiple files, such as CSS and JavaScript, into a single file?	
A. Bundling	B. Minification
C. Cookies	D. Routing
Correct Answer: A	
Reference: Book Name: Programming for the web with ASP.NET MVC, Page no 250	
Q.7 Which of the following static files can ASP.NET Core applications serve?	
A. HTML	B. Javascript
C. CSS	D. All of these
Correct Answer: D	
Reference: Book Name: Programming for the web with ASP.NET MVC, Page no 147	
Q.8 What will happen if user turns OFF JavaScript?	

Prepared By Abrar Ahmed

A. Dangerous inputs can be bypassed and submitted to the server	B. Application cannot be protected from malicious attacks on the server resources and databases
C. Both A and B	D. None of these
Correct Answer: C	
Reference: Book Name: Programming for the web with ASP.NET MVC, Page no 151	

Q.9 Which of the following are correct file extension used in the Razor view for VB and C#? [Multiple Choice]	
A. .cshtml	B. .cbhtml
C. .vbhtml	D. .vshtml
Correct Answer: A, C	
Reference: Book Name: Programming for the web with ASP.NET MVC, Page no 204	

Q.10 In terms of razor view applications, a _____ is not required at the end of a single line expression.	
A. & operator	B. ! sign
C. Double quotes	D. Semi colon
Correct Answer: D	
Reference: Book Name: Programming for the web with ASP.NET MVC, Page no 206	

Q.11 Which of the following are ASP.NET Core MVC functionalities? [Multiple Choice]	
A. Routing	B. Model Binding
C. Validation	D. Dependency Injection
Correct Answer: A, B, C, D	
Reference: Book Name: Programming for the web with ASP.NET MVC, Page no 160	

Q.12 Which of the annotation specifies that the property, with which this annotation is associated cannot be left blank?	
A. DataType	B. ReadOnly
C. Required	D. Range
Correct Answer: C	
Reference: Book Name: Programming for the web with ASP.NET MVC, Page no 169	

Q.13 GDPR stands for _____	
A. General Data Privacy Regulation	B. General Data Protection Rules
C. General Data Protection Regulation	D. Government Data Protection Rules
Correct Answer: C	
Reference: Book Name: Programming for the web with ASP.NET MVC, Page no 254	

Q.14 Which of the following options allow passing data from the current request to the subsequent request during request redirection?	
A. ViewData	B. ViewBag
C. TempData	D. ViewDataDictionary
Correct Answer: C	
Reference: Book Name: Programming for the web with ASP.NET MVC, Page no 230	

Q.15 Which of the following represent classes that interact with a database	
A. View model	B. Business model

Prepared By Abrar Ahmed

C. Data model	D. Scaffolding feature
Correct Answer: C	
Reference: Book Name: Programming for the web with ASP.NET MVC, Direct Reference not available	

Q.16 Which of these are built-in GDPR support present in Razor Pages and MVC projects created with project templates?	
A. CookiePolicyOptions and UseCookiePolicy are by default added in Startup.cs	B. _CookieConsentPartial.cshtml partial view
C. The Pages/Privacy.cshtml page or Views/Home/Privacy.cshtml view provides a page to display an organizations privacy policy	D. All of these
Correct Answer: D	
Reference: Book Name: Programming for the web with ASP.NET MVC, Page no 264	

Q.17 What is EF Core?	
A. A lightweight. non-extensible. single-platform version of Entity Framework	B. A lightweight. Extensible and cross-platform version of Entity Framework
C. A version of Entity Framework that is designed for Linux	D. A version of Entity Framework designed exclusively for ASP.NET Core
Correct Answer: B	
Reference: Book Name: Programming for the web with ASP.NET MVC, Page no 270	

Q.18 Which of the following options allows to reuse common markups across different views of the application?	
A. TempData	B. Partial View
C. Web Form	D. Razor
Correct Answer: B	
Reference: Book Name: Programming for the web with ASP.NET MVC, Page no 64, Heading 3.1.4	

Q.19 EDM stands for _____	
A. Enterprise Data Model	B. Electronic Data Model
C. Entity Data Model	D. Entity Database Model
Correct Answer: C	
Reference: Book Name: Programming for the web with ASP.NET MVC, Page no 168, Heading 6.1	

Q.20 What is Entity Framework?	
A. The Entity Framework is an implementation of EDM.	B. The Entity Framework uses queries to create data –source independent model.
C. The Entity Framework also allows you to specify a layout for either a particular view or for all the views in an application.	D. The Entity Framework allows creating CSS media queries to apply a particular style to view of an application.
Correct Answer: A	
Reference: Book Name: Programming for the web with ASP.NET MVC, Page no 168, Heading 6.1	

Q.21 What is Model Binding?

Prepared By Abrar Ahmed

A. Model binding is the process of generating NET objects with the help of the data transmitted by the browser in an HTTP request.	B. Model binding is the process of routing an HttpRequest object to a controller action
C. Model binding is the process of automatically generating model classes from views	D. Model binding is a process of associating model properties to validation routines
Correct Answer: A	
Reference: Book Name: Programming for the web with ASP.NET MVC, Page no 112, Heading 4.2	

Q.22 Which type of content is observed on a Razor Web Page? [Multiple Choice]	
A. Razor code	B. HTML content
C. VB and C# Code	D. All of these
Correct Answer: B, C	
Reference: Book Name: Programming for the web with ASP.NET MVC, Page no 66, Heading 3.2	

Q.23 Which of the following option is a valid code to iterate through the collection of model object stored in the ViewBag object and then, display each model object such as name address and email properties?	
A. <code>@{var user = ViewBag.user;}@foreach (var p in user){@user.name @user.address @user.email }</code>	B. <code>@{var user = ViewBag.user;}foreach (var p in user){@p.name @p.address @p.email }</code>
C. <code>@{var user = ViewBag.user;}@foreach (var p in user){@model.p.name @model.p.address @model.p.email }</code>	D. <code>@{var user = ViewBag.user;}@foreach (var p in user){@p.name @p.address @p.email }</code>
Correct Answer: D	
Reference: Book Name: Programming for the web with ASP.NET MVC, Page no 104	

Q.24 Static files in ASP.NET applications are stored in _____ folder.	
A. webcontent	B. wwwroot
C. dependencies	D. images
Correct Answer: B	
Reference: Book Name: Programming for the web with ASP.NET MVC, Direct Reference Not Found	

Q.25 Which of the following options provides several plugins that enable to enhance the UI elements of a view?	
A. Javascript	B. JQuery
C. AJAX	D. IIS
Correct Answer: B	
Reference: Book Name: Programming for the web with ASP.NET MVC, Page no 10, Heading 1.3.2	

Q.26 Which of the following class a controller class extends to provide a default implementation of a controller?	
A. ControllerBase	B. Controller
C. ActionResult	D. RouteConfig
Correct Answer: A	

Prepared By Abrar Ahmed
